Rearrested on Similar

Accused of Attempting Life

Eastern City.

Death of Woman Here Last
October Was Attributed
to Suicide.

PORTLAND (Me.) May 12.—John
H. Grondin, a Waterville, Me.,
chemist, who was released after
a hearing in Los Angeles Cal. last
February, on the charge of murdering
his young wife there, was arrested in
Waterville tonight under an indict-
ment alleging that he attempted to
kill her by gas poisoning in this city in
January, 1912.

The couple came here from Water-
ville early in January last year.
Soon after Mrs. Grondin was found un-
conscious in her bedroom by a neigh-
bor who had been summoned by
Grondin. The gas jets in the room
were open, it was alleged.

Mrs. Grondin recovered and after-
ward went to Los Angeles with her
husband. She was found dying in
the California city on the night of
October 26, with a hat box connected
with the gas tube, over her head.

Grondin was arrested here January
24, last, charged with the murder of
his wife. He was held in the
house on West Eighth street. Oc-
tober 26, 1912. Over her head was a
hat box through which a gas tube
was run. A coroner's jury returned
a verdict of suicide but the body was
exhumed three weeks later and a
deadly quantity of morphine was
found in the stomach.

After a preliminary examination
before Police Judge Chambers, Grondin
was ordered released because of
lack of evidence.

ATTACK AND RUNS UNTIL

CEDRO WOOLEY (Wash.) May 12.—
Standing guard over the mutilated
body of Alexander McLean, whom it
had gored to death some time last
night, an enraged bull defied the ef-
forts of seventeen neighbors to re-
move the corpse this morning. As
the crowd advanced on the animal
with clubs it charged them. It also
ignored every cue to entice it away
from its victim. The bull was finally
shot.

HERO MEDAL FOR DOG.
PORTLAND (Or.) May 12.—For
saving the life of another person,
a bronze hero medal was awarded to
Buck, an English bulldog, by the
Oregon Humane Society today. The
medal was ceremoniously attached to
Buck's collar by his master, John
O'Halloran. This is the first time a
medal has been presented by this
society to a dumb animal.

Several weeks ago Buck's dog com-
panion Ted, while swimming in the
Willamette River, became exhausted.
He sank twice before Buck reached
him and pulled him out by his ear.

Federal Judge Declares Entire
Bench Agrees as to What Con-
stitutes White Slavery.

DES MOINES (Iowa) May 12.—
Judge Smith McPherson, in his in-
structions to the grand jury in the
United States District Court for the
Southern District of Iowa, took ex-
ceptions today to magazine articles
and editorial comments which he
said purported to show that the
Federal judges of the country are
not agreed as to the scope of the
Mann white slave act.

There is not a single judge in the
United States who has not held that
a man is guilty of white slavery if
he takes a woman across the State
line for any immoral purposes what-
soever, said Judge McPherson. "The
report that it must be proved that
the woman was used for commercial
purposes is erroneous."

of the Church, South, at Oklahoma

OKLAHOMA CITY (Okla.) May 12.—
"Our people must be brought to
see that education divorced from re-
ligion leads to the spread of deprav-
ity and the destruction of the basic
element of our Christian civilization
and that the distinctive mission of
the church schools is the develop-
ment of spiritual leadership."

This declaration was included in
the report of the Committee on Edu-
cation submitted today to the gen-
eral conference of the Methodist
Episcopal Church, South.

Resolutions authorizing the church
board of education to continue the
contest in the courts for control of
Vanderbilt University and to consider
proposals for the establishment of
another theological school "at some
point east of the Mississippi River"
were presented.

Other reports submitted today re-
commended non-concurrence in the
memorial asking that women be given
laity rights and the elimination of the
words "Holy Catholic Church" from
the creed. The committee would
substitute the phrase, "Church of
God."

The Committee on Temperance and
Social Service reported concurren-
ce in the memorial that no young man
be addicted to the use of tobacco
be admitted to the ministry unless he
agrees to become an abstainer.

WOMEN AGAIN HONORED.
MEMPHIS (Tenn.) May 12.—For
the second time in the history of the
organization a woman was elected
president of the National Conference
on Charities and Corrections here to-
day. The honor fell to Mrs. John
M. Glenn of New York, who suc-
ceeds Prof. Graham Taylor of Chi-
cago.

CONDEMN PROHIBITION.
JEFFERSON CITY (Mo.) May 12.—
Resolutions condemning the pro-
posed prohibition amendment to the
national Constitution were adopted
today by the State convention of the
Catholic Union of Missouri. The con-
vention also adopted a resolution
asking Catholics to remain away
from the Panama-Pacific Exposition
on the days former Mayor Nathan of
Rome, Italy, is there as official rep-
resentative of the Italian government.

TO ELIMINATE HUERTA,
PLAN OF MEDIATORS.

Programme of the Conference Is Divulged
for the First Time.

Rebels Oppose the Solution as Soon as They Hear of
It Because It Involves a Provisional Government
With Both Factions Represented — O'Shaughnessy
Tells Wilson Mexican President Is Stubborn.

WASHINGTON, May 12.—Elimi-
nation of Gen. Huerta and the es-
tablishment of a provisional
government in Mexico, in which both
the Huerta and the Constitutional
factions would be represented, is con-
templated in the plan which the
three South American mediators now
are working out to be proposed for
the solution of the entire Mexican
problem.

This, the first intimation as to the
details of the mediation plans, be-
came known tonight, although neither
the mediators nor State Department
officials would make any statement as
to how nearly complete is the plan to
be submitted to American and Mexi-
can delegates when they meet at
Niagara Falls, Can., next Monday.

It was learned the proposal might
be that the setting up of a temporary
government be undertaken by a com-
mission composed of five persons, two
of them to be named by Huerta, two
by the Constitutionalists and the fifth
by the mediators.

While the mediators have with-
drawn their invitation to the Consti-
tutionalists to send delegates to their
conference, it is generally believed
that information is being sought as
to whether the Constitutionalists
would consent, in case of the elimi-
nation of Huerta, to some form of
arrangement in the only possible one
under which peace may be restored
in Mexico under conditions satisfac-
tory to all Mexican factions and to
the United States.

Since the recent withdrawal of the
invitation to send delegates to the
Niagara Falls conference, no efforts
have been made by the mediators to
have the Constitutionalists send rep-
resentatives and it has been stated
in authoritative quarters that none
will be made. Nevertheless, it is
known that the peace envoys intend
to consider the Constitutionalists
side of the problem in their plan.

REBELS PROTEST
MEDIATION PLAN.

EL PASO (Tex.) May 12.—The plan
for the pacification of Mexico now
being worked out by the South Ameri-
can mediators and which, it is an-
nounced, would eliminate Huerta and
establish a provisional government, in
which both the adherents of Huerta
and the Constitutionalists would be
represented, will not be acceptable to
the Constitutionalists, according to
Constitutionalist officials here.

They will agree to nothing less
than the complete elimination not
only of Huerta but of his entire party.
They declared that the ousting of
Huerta, the individual, would be but
an empty victory unless the system
for which they say Huerta and his
followers stand were to be abolished
absolutely.

"The plans of the Constitutional
government can contemplate nothing
less than complete victory for the re-
forms for which we are fighting,"
said Roberto V. Pesqueira, confidential
agent of Gen. Carranza, here. Mr.
Pesqueira spoke simply as a member
of the Constitutional party, but his
utterances heretofore have accurately
outlined the expressions which later
have followed from his chief.

"Why should we compromise with
them?" he said. "We have beaten
Huerta at every turn and why should
we yield our advantage when we have
the reforms for which we strive al-
most within our grasp? This has been
a fight of a hundred years for reform
and we will not be content to have
those years of fighting wasted."

Other Constitutionalists expressed
the belief that there was no basis on
which the adherents of Huerta and the
Constitutionalists could work to-
gether in pursuing his idea.

LONDON TIMES
PRAISES WILSON.

LONDON, May 12.—The Mexico
City correspondent of the Times, tele-
graphed from Vera Cruz, compares
Mexico City to Naples under King
Bomba. He says: "Spies are every-
where and summary arrests of Ameri-
cans and Mexicans are frequent.
Prominent foreign residents expect the
fall of Huerta through a local revo-
lution or defeat by Gen. Villa."

In an editorial on the Mexican sit-
uation the Times says:
"There is no disposition in Great
Britain to sneer at the course Presi-
dent Wilson has followed—a course
with which his present reluctance to
prepare for war is quite in keeping.
He has shown, as we have always
gladly acknowledged, remarkable pa-
tience, high-mindedness and forbear-
ance in pursuing his ideal."

PRIVATE PARKS TORTURED
AND SHOT BY FIRING SQUAD

WASHINGTON, May 12.—Bom-
bardment of Tampico by the Consti-
tutionalist army still was in progress
at 9:30 o'clock tonight, according to
a delayed wireless report to the Navy
Department from Rear Admiral
Badger. German and Dutch cruisers
which had been in the river withdrew
during the day.

Chartered Steamers Bring More

Remain in Mexico City.

VERA CRUZ, May 12.—The char-
tered steamer Mexico arrived late to-
day with a few more marines taken
out of Tampico, and a few from Tux-
tepec.

The refugees who have been held
on the transport Hancock will be
transferred to the Mexico, which will
proceed for New Orleans. Consul
Canada has a list of 500 Americans in
Mexico City who have signified their
intention of remaining there.

THE CITY AND ENVIRONS.

EVENTS BRIEFLY TOLD.

Talk on Astronomy.

Prof. Ferdinand Ellerman will give an illustrated talk on instruments and results obtained at the Solar Observatory, Mt. Wilson, at the Jovian Electrical League luncheon today at Christopher's. A vocal and instrumental music programme has been arranged. H. L. Miller of Pasadena will be chairman of the day.

Fire Chief Sick.

Fire Chief Ely is confined to his quarters in the Fifth-street fire house by a severe attack of pleurisy. The attending physician, Dr. E. G. Goodrich, reported yesterday that his condition is not dangerous. Since he was overcome by flames about a year ago, the Chief has to be extremely careful of his lungs, which were affected at that time. His present illness is the result of an exposure at a minor fire.

Disappearing Highwaymen.

If George Fuller had fared forth naked, he could not have had less of value on his person than when stopped by two highwaymen at the Alhambra-street entrance to Westlake Park early yesterday morning. He lives at No. 1093 South Bonnie Brae street. The bandits were so shocked at finding nothing but a scrap of paper in the man's pocket that they kicked him right lustily, and then let him go. He gave a description of the two men to the police yesterday.

For Foreign Trade Development.

Walter M. Campbell, attorney, and C. Woodland Gates, have been appointed by President Cole as delegates to represent the Chamber of Commerce before the National Foreign Trade Convention to be held at Washington the 27th and 28th insts. This convention has been called by the American Manufacturers Export Association and other leading organizations throughout the country interested in the promotion and development of foreign trade. The purpose of the convention is to give expression to the views of men representing the productive activities of the country in regard to the more effective promotion of American commerce in the markets of the world. An interesting and instructive programme has been arranged.

GREAT BUILDINGS COMING.

Corporation for Stabilizing Business District Chooses Officers and Holds Meeting Each Day.

The Business Stability Association, the \$5,000,000 corporation organized to work for the rebuilding of the present established downtown business district and for the anchoring of business interests and values generally, has elected Homer Laughlin, Jr., president; A. C. Billicke, vice-president; E. P. Clark, vice-president; A. J. Waters, treasurer, and Miles S. Gregory, secretary.

The association is holding meetings daily at 11 a.m. in the offices of A. C. Billicke in the Alexandria Hotel, and has extended a general invitation to property owners interested in downtown holdings to attend these conferences. The association's constitution states that a number of important building projects are now shaping on Broadway, Hill, Spring and Main streets north of the building as the result of the organization's activities.

JUSTICE IS SWIFT.

George Knutson was yesterday bound over to the superior court by Justice Summerfield on the charge of larceny. Knutson, it is alleged, stole harness from the stable of Jack Flowers at No. 1628 East Twenty-third street and less than half an hour later sold it to a harness shop for \$15. He did not get the entire amount in payment and was requested to return the next morning for the balance. In the meantime the police were notified and Knutson was arrested when he called to collect his money.

WOMAN ON TRIAL.

A jury in the United States District Court yesterday heard the evidence against Daisy D. Grant of Glendale, indicted for using the mails to convey information where an illegal operation could be procured. The case was given to the jury this morning. Mrs. Grant answered a decoy letter written by Postoffice Inspector Cookson.

DOUBLY ASSURE CITRUS STATION.

SAN FERNANDO WATER TANGLE STRAIGHTENED OUT.

Public Service Commission Votes to Guarantee the State a Sufficient Supply for Experiment Farm, and City's Claims on Mission Creek Flow Are Validated at Same Time.

At one stroke the Board of Public Service Commissioners yesterday made doubly sure the location of the State citrus experiment station in the San Fernando Valley, solved a problem of riparian rights which had vexed eminent legal talent for years, and, incidentally, rendered the ends of justice. The experiment station was practically assured some days ago by the official declaration that water in the old mission clemente is not city property.

The regents of the University of California, in their search for acreage upon which to experiment scientifically with varied citrus stock, found 200 acres of land one mile northwest of Van Nuys, which gave every indication of perfectly serving the intended purpose. Profoundly of purchases were made the owners, the San Fernando Mission and Water Company, and in the full course of events the matter of water supply came up.

A hitch ensued, then, for the reason that the city of Los Angeles has long claimed riparian rights, which the Mission Land and Water Company has vigorously disputed, along Mission Creek. The State insisted on a settlement of the dispute for the reason that it desired no prior claims or title clouds on any land which it intends to acquire. In the present case the city's title cloud was of nebulous consistency—admitted so by the city's own legal forces.

President Del Valle of the Public Service Commissioners initiated the cutting of the Gordian knot yesterday by proposing a resolution, which was carried unanimously, that the city should forever assure the State a sufficient supply of water for any acreage which it intends to acquire in the San Fernando Valley for the use of an experimental station.

Through this resolution the Mission Land and Water Company is free to assign titles to the State, and, on evidence of the company's official, the city's claims on Mission Creek water are validated through the simple process that the company has had to come to the board for a validation of its right to convey property in the disputed district.

"The experiment station is now practically assured," said Special Counsel Mathews, "and the State will be able to acquire the land for the use of a graduate school of sub-tropical agriculture. In this latter connection, it is proposed to expend \$125,000 for building purposes."

The land to be acquired will be used for the experimental purposes as the location for a graduate school of sub-tropical agriculture. In this latter connection, it is proposed to expend \$125,000 for building purposes.

FREE ACCUSED SLAVER.

By the order of District Court Judge Welborn, the case against Felicia James, otherwise known as "The Crow," charged with white slavery involving Amelia Sanchez, was dismissed yesterday. There was no evidence to hold James, in the opinion of the authorities.

MAKES HUGE PROFIT.

Large Deal in City Property Nets Owner Almost Double Investment in Three Years.

Col. A. G. Gassen, San Diego capitalist who is staying at the Van Nuys, yesterday afternoon closed a property deal involving about \$75,000, in the purchase of the northeast corner of Main and Twentieth-third streets. The lot has a frontage of ninety-six feet on Main and 110 on Twentieth-third and was sold by Stephen K. Saymanowski, who a little more than three years ago purchased the property for \$42,000 and in so short a period realized nearly the purchase price as profit.

Capt. Fredericks.

Col. Gassen, who was former first chief of San Diego, and who has property interests in various cities along the Coast, will remove several frame cottages and will immediately build a fire-proof garage.

YET UNDECIDED ON CANDIDACY.

DISTRICT ATTORNEY SOON TO ANNOUNCE DECISION.

James Statement That He Will Declare Next Week Whether He Will Seek Republican Nomination for Governor in August Primaries. Business Agreements Interfere.

The following statement was issued last night by Dist. Atty. John D. Fredericks, who has been strongly urged to be a candidate for Governor:

"The many suggestions that have come to me that I submit myself as a candidate for the Republican nomination for Governor at the August primaries, seem at this time to fairly demand of me a candid statement of my position.

"I have deferred making any statement with the idea that I was not called upon to do so. However, the inquiries received for me to reply to make it impossible for me to reply to all of them individually, and I consequently take this opportunity to state through the press that recent events have convinced me that the position is entitled soon to know who is available.

"My position is this: I had expected that my public life would terminate at the end of this year. I have, therefore, entered into business arrangements and accepted of business engagements that must be considered and adjusted (if that be possible) before I am free to change my course and become a candidate for Governor.

"In order that there may be no uncertainty as to my position, I now state that I will, on Thursday, May 21, definitely announce whether or not I will be a candidate in the Republican primaries. This is as early as I will be able to ascertain whether the arrangements and obligations I have entered into can be set aside.

"This action of mine need not interfere with the candidacy of any other man who may feel disposed to seek the nomination."

E. L. Nielsen, Danish poet laureate.

In whose honor a great feast was spread last night, though he cannot reach here until this morning, when he will be warmly welcomed.

Bringing a Message.

QUEER DISAPPEARANCE DUE TO AN AUTO TRIP.

MUCH perturbation of mind was relieved yesterday afternoon when the whereabouts of E. L. Nielsen, Danish poet laureate and famous lecturer, were ascertained by leaders of the local Danish colony. Plans and preparations for the banquet to be given in his honor had progressed so far that the feast was spread and the dinner finished despite his absence.

He had been taken across-country by auto, which caused the miscarriage of plans. It was impossible for him to make train connections and the result was the feast without the hero.

J. H. Drachmann, president of the Danish Brotherhood and chairman of the reception committee, at whose home, No. 148 West Eighty-fifth street, the dinner was spread, declared that the delay had merely increase the warmth of welcome this morning when the distinguished visitor arrives. A luncheon will be served at Harlowe Cafe, Fred Harlow being one of the leading Danish residents of Los Angeles.

The visitor, on his present tour, is keeping alive the patriotic fire in the hearts of his countrymen. His lyrics have always been fervid in their patriotism and awakening of the love for country.

Consequently he was chosen as the man to carry the message of Denmark to her sons and daughters in a distant land. His lecture tells of the greater progress in the era of that country, the past fifty years succeeding the bitter defeat of little Denmark at the hands of mighty Germany.

This evening poet Nielsen will be given a great reception by all of those of the 4000 Danes in Los Angeles, who are able to tell of the Hall at Temple and Main streets. H. A. Molbach, M. Paulson and William Spentrup, in addition to Drachmann, form the committee in charge of the affair. Tomorrow morning Nielsen will leave for Salt Lake, his journey here being shortened by engagements through the Middle West and East.

With Men and Money.

OROZCO DROPS IN AND THEN DROPS OUT AGAIN.

GEN. PASCUAL OROZCO, defeated hero of the battle of Ojinaga, dropped into Los Angeles about a week ago. He dropped out again Monday night, headed toward the Mexican boundary line. With him were three other officers allied with the Huertistas. It is believed they traveled by auto to Yuma, from which city there are three or four roads leading into Mexican territory that are not patrolled by soldiers or federal officers.

Whether Orozco secured any funds while here cannot be ascertained. The police think he did. That he was here recruiting soldiers for Huertista forces. It is also known that the men he secured were forwarded south some days ago. His presence here was not known until after the departure of the recruits last Saturday night. Since that time efforts have been made to locate him by federal agents and the city police, but he suddenly left the city.

There has been much activity among the various wings of the Mexican revolution of late and Orozco is thought to have collected quite a little sum from the Huertistas here.

Orozco is now under indictment at El Paso for violation of the neutrality laws, but so far it has been impossible to apprehend him. If taken here he would be prosecuted for enlisting men on American soil, but nothing could be done with him for buying and shipping arms and ammunition during the period when the embargo on such purchases was lifted.

Wires were sent yesterday to various points along the Mexican boundary line in the hope of intercepting Orozco and his companions before they get over into Mexico. It is understood that they were equipped with high-power machines.

Orozco's photograph are in the hands of every officer on duty south of San Diego and the party will probably strike eastward for that reason.

Badly Mixed.

TWO TUNNELS IN A TANGLE.

City Councilmen Double-Cross Themselves.

Project Midway Between the Sites Revived.

Lawmakers Appear to Be Split With Design.

Once again the tunnel propositions are in a tangle—in fact the mix-up that developed in the City Council yesterday creates such chaos that the only apparent way out is for the municipal lawmakers to get back to the agreement that both First-street and Second-street tunnels must be irrevocably bound together in joint proceedings, or else adopt a compromise measure.

Such a measure, suggested yesterday, is a revival of the old plan of Albert M. Stephens to place a tunnel midway between First and Second streets, with the east portal on Hill street and the west portal on Fremont avenue. When this plan was presented several years ago, Stephens offered to donate the land necessary for the midway tunnel portal on Hill street.

City Attorney Stephens stated that a number of prominent business men have been in conference with him recently for advice as to the legal aspects of a compromise proposition that would provide for the building of a tunnel midway between First and Second streets. He refused to talk further on the subject, saying that he had only been consulted on the legal phase of the question and did not feel at liberty to mention any names.

As he left last night for San Francisco, he was gone several days, the matter will probably be dormant until his return.

AGREE TO DISAGREE.

An analysis of the attitude of the seven Councilmen makes it apparent that they have split up understandingly, to make way for the compromise, and that there is a movement on foot to have Judge Stephens renew his offer of a tunnel on Hill street, and construct one tunnel.

The subject was brought before the Council yesterday, when the recommendations of the City Engineer were read, providing for a change of grade in Second street, to provide for the necessary approach to the Second-street tunnel.

Councilman Betkouski opened up the opposition. He declared: "I feel that I cannot vote for any street improvement that would commit the Council to the building of the Second-street tunnel. I believe there should be but one tunnel, and that at First street. We will have a storm about our heads if we

WHO Shall Administer
Your Estate?

After your death your estate will be handled either efficiently or inefficiently—depending upon the Executor you appoint.

Who shall carry out your wishes as expressed in your Will?

Shall it be an individual or the Trust Department of the SECURITY, which is especially qualified for service of this kind?

An individual is subject to ill health; he may be inexperienced; or perhaps he may be engrossed in his own affairs. Furthermore, he may die before the matters you have left in his hands are settled.

The existence of the SECURITY TRUST & SAVINGS BANK is perpetual. It is especially authorized to act in matters of trust and its affairs are rigidly supervised by the State of California. Its charges never exceed those of an individual, as such charges are fixed by law and are alike in both instances.

You are invited to confer with our officers. No obligation is thereby incurred.

THE SCHOOL BONDS.

TOMORROW the school-bond election will be held, when it is proposed to vote \$3,000,000 for elementary schools and \$1,000,000 for high schools, a total of \$4,000,000. Every dollar of it is needed immediately, as no new schools can be built or new sites purchased except these bonds be voted.

By all means let there be a decisive vote in favor of the school children hearing in mind that it takes a two-thirds vote to pass the bonds. The polls will open at 8 a.m. and close at 6 p.m., to which the particular attention of voters is called, because the closing time is one hour earlier than in the power-bond election.

There will be 166 polling places, in most cases different from the polling places for the power-bond election. They are as follows:

Precincts 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166.

BY WILLIAM M. HENRY.

That Los Angeles, with its ideal
conditions, is about to boast the
largest yacht club on the Pacific
Coast seems certain after the exhibi-
tion of statistics recently evinced at
San Pedro last Sunday.Although the occasion was the
opening of the South Coast Yacht
Club's boats at that organization were
not alone as every boat of any
importance from the Sunset Yacht
Club was there to help celebrate the
opening day of the local yachting
season.The building of the new yacht club
and her first appearance last Sun-
day aroused the keenest interest
among local yachtsmen and there
seems to be a very decided leaning
toward the combination of the two
big clubs into a larger and more use-
ful organization which would be of
benefit to the yachtsmen of the
Atlantic Coast, who are to visit
this part of the country in 1915.

IDEAL CONDITIONS.

The conditions around Los Ange-
les are certainly ideal for yachting.
In San Francisco there is too much
wind. In San Diego there is too lit-
tle. Here there is just the right
amount and from 10 o'clock in the
morning there is always a breeze
blowing.The Sunset Yacht Club in announc-
ing its programme for the comingSTALLINGS

NEW YORK, May 12.—The
Boston-New York National
League game, which New York
won here last Saturday, 2 to 0,
was protested tonight by the
Boston club. The protest is
based on a decision by Umpire
Rigler, which allowed a "cir-
cus catch," made by Snodgrass,
on Whaling in the second in-
ning.It was physically impossible
for Snodgrass to have caught
the ball, according to Manager
Stallings of the Boston club,
who said he had ten reputable
witnesses, seated in the right
field grand stand, willing to
make affidavits that Snodgrass
"trapped" the ball.year gives a fine example of this get-
ting together spirit. Commodore Alexan-
der J. Mitchell is the father of the
idea of combining the two clubs into
a Los Angeles yacht club and he has
carried his idea into the programme
of the Sunset Club.Half of the races to be found on
the programme are open to any boat
in the South Coast Yacht Club mem-
bership in the Sunset Club is found
in any but a few races and the prizes
to be given are not the perpetual kind
but are the property of the man who
wins them.By means of this broad-minded
policy the commodore and the Sun-
set Club hope to boost yachting in
Southern California to such an extent
that the clubs can get together
on some kind of a basis and boost
the game rather than try to out each
others throats.Sunset Yacht Club programme for

RECORD TROUT CATCH AT
BISHOP'S CREEK RESORTA REID of R. H. Dyer Company
received word yesterday of what
is believed to be a record trout
catch, not only for this year, but for
any season.Mr. Andrews of Andrews camp on
Bishop Creek in the Owens River
Valley was the lucky angler. In
three consecutive days of fishing he
pulled out the limit each day. Every
one of the 150 lbs. measured over
ten inches and went as high as eight-
een. The average for the mess was
fifteen inches.The prima donna of the catch was
a twenty-six-inch specimen
which he landed after a
struggle of nearly two hours.
The fish was a regular
spring in Southern California.Andrews says the weather was
high and he considers the
catch a record for the Owens
River. The fish was a regular

Grape-Nuts

is probably the longest baked, the most thoroughly dextrinized, and the most easily digested of cereal foods. (Digests generally in about one hour.)

Because of this quality, Grape-Nuts produces great energy with little effort in digestion, and so furnishes a most admirable diet for hot weather or tropical climes.

Ready to eat from the package, fresh and crisp. Served with cream, milk or fruits, and sugar if desired. Keeps indefinitely anywhere.

CROP REPORTS OF THE SOUTH

PORTERVILLE, May 12.—The excellence of the cattle range in the county this year, a trainload of 1,000 head of cattle, was sold here yesterday for more than 100 cents per head. The demand for stock is so great that there are virtually no cattle to be had within the county ranges for the coming season. The leading cattlemen of the county are planning the importation of young beef from the ranges of Northern Arizona and Texas.

Abundant Peach Crop. (LOCAL CORRESPONDENT.) POMONA, May 12.—It is estimated that an average price of 10 cents will be received by the growers for their abundant crop of peaches. The price realized last year was the price realized last year for recently-organized Pomona Fruit Juice Company has been in business in the Pomona district since the building on North Park avenue. The men now at work are planning the importation of young beef from the ranges of Northern Arizona and Texas.

Early Peach Shipments. (LOCAL CORRESPONDENT.) VISALLA, May 12.—Regular shipments of early peaches began yesterday from the Pomona district. The Pomona district began this evening. Redbanks Orchard Company, which has had the distinction for many years of being the first peach shipper in the field in California, is making a shipment by express to the Pomona district. Shipments of peaches will begin the shipping of peaches this week.

Valencia Season Open. (LOCAL CORRESPONDENT.) PORTERVILLE, May 12.—The Valencia season is now open. The first single-car shipment of Valencia oranges left the county yesterday. FAVOR BRANCH IN LOS ANGELES.

Bankers Agree Upon Details of Coast District. (BY HERBERT WELLS—SPECIAL DISPATCH.) Salt Lake City, Portland and Seattle Included. URGENT RESERVE DIRECTORS FROM NORTHERN CALIFORNIA.

THE TIMES, May 12.—Without visible sign of friction or sectional alignment, the bankers from the principal centers within the Coast Federal reserve bank district met today and adopted definite recommendations preliminary to the organization of San Francisco's Federal reserve bank. Apparently all the bankers, who represented mainly the first-class banks of the region, had agreed in advance that San Francisco and the surrounding cities should receive the majority of places on the directorate of the reserve bank and the principal interest centered in the allotment of branch banks. All of the preliminaries were disposed of before the branch bank problem was broached, and then, with but little argument, it was recommended to give the branches to Los Angeles, Salt Lake City, Portland and Seattle.

FOUR RECOMMENDATIONS. The recommendations made today by bankers of the Pacific Coast district were as follows: The six directors not chosen by the government shall be selected for the Northern California district. Within ten days the Northern California member banks shall recommend choices for the directorate. Each clearinghouse shall have a vote for the directorate. Directors shall receive no salary aside from regular fees.

NORTH TO CONTROL. Previously to the allotment of the branch banks, the conference had recommended that all of the six directors of the Federal reserve bank, who will be chosen by the member banks, should come from San Francisco and points within six-hours ride of this city by rail. The recommendation means that Northern California will secure the control of the directorate. It was explained during the discussion that, inasmuch as the main bank will be in San Francisco, it is essential that the directors shall be within easy reach of the main bank.

possibility of delays should a critical situation arise. Any expression of choice was halted by declaring that the meeting should not recommend candidates for either class of directors, as provided in the banking act but that, within ten days the member banks of San Francisco and the member banks within six hours' ride of San Francisco by rail, should recommend persons to be voted for as Class A directors, meaning bankers; or Class B directors, limited to agriculture, commerce or other industries. A recommendation adopted was for the appointment of a committee by James K. Lynch, chairman of the session, to formulate the recommendations made at the meeting in a circular to be sent to the clearinghouses of each State within the Coast reserve district.

The session of this body of bankers was brought to a close tonight. The bankers will be entertained in Oakland tomorrow before returning to their homes. Conference members from outside the State were C. R. Burton and W. S. McCormick of Salt Lake City, W. J. Harris of Reno, R. S. Stacy, A. G. Fritchard and W. H. Pringle of Tacoma, H. F. Backus, H. H. Lattimer and J. W. Spangler of Seattle, T. H. Brewer, E. C. Conant and Charles A. McLean of Spokane, A. L. Miller, R. A. Wild and R. Lea Barnes of Portland.

Among the California delegates were J. E. Fishburn, J. A. Graves and J. M. Elliott of Los Angeles; C. E. Worden, G. J. Farnham and W. R. Beane of Bakersfield; W. O. Miller, R. E. Manheim and Dan Brown, Jr., of Fresno; J. E. Coulton, E. H. Green, endyke and W. H. Vedder of Pasadena; F. H. Pierce, Alden Anderson and E. Brown of Sacramento; J. Washburn, P. J. NEW STEAMSHIPS FOR LOS ANGELES. (BY HERBERT WELLS—SPECIAL DISPATCH.) UNION PACIFIC WILL BUILD THEM TO SUPPLEMENT PRESENT SERVICE. TACOMA, May 12.—The Union Pacific Railway will improve its water entrance to California by building two fast steamships for its Portland-San Francisco-Los Angeles service. They will supplement the present service of the steamships Bear, Beaver and Rose City, operated by the San Francisco and Portland Steamship Company, subsidiary of the Oregon-Washington Railroad and Navigation Company.

President J. D. Farrell, General Manager Blair of the steamship company and President Patterson of the largest Coast shipbuilding works have just inspected the steamship Beaver. Officers of the present fleet have previously submitted recommendations covering improvements to be embodied in the new liners. President Patterson will immediately submit plans and estimates of cost to President Farrell.

The new liners will be Union Pacific's reply to Louis Hill's new steamships Northern Pacific and Great Northern, now building at Cramps in Philadelphia, for the North Bank railway service between Astoria and San Francisco. By starting now, one and perhaps both of President Farrell's new vessels can be completed for use during the San Francisco exposition. They will have the advantage of starting at Portland and running through to Los Angeles, avoiding transfer by passengers destined to Southern California.

President Farrell eleven years ago directed the building of the steamships Minnie and Dakota for James J. Hill.

THE TIMES, May 12.—Without visible sign of friction or sectional alignment, the bankers from the principal centers within the Coast Federal reserve bank district met today and adopted definite recommendations preliminary to the organization of San Francisco's Federal reserve bank. Apparently all the bankers, who represented mainly the first-class banks of the region, had agreed in advance that San Francisco and the surrounding cities should receive the majority of places on the directorate of the reserve bank and the principal interest centered in the allotment of branch banks. All of the preliminaries were disposed of before the branch bank problem was broached, and then, with but little argument, it was recommended to give the branches to Los Angeles, Salt Lake City, Portland and Seattle.

"First for Thirst"

SOME slight stimulant is really essential to the diet of elderly people, as all doctors agree. The lagging functions of digestion and assimilation need assistance. This assistance is best supplied by pure, healthful Maier Beer, which has none of the harmful effects on the heart and nerves produced by tea and coffee, but, on the contrary is highly beneficial to the nervous system and supplies strength and vigor to every part of the body. Order a case from your dealer. If he can't supply you, we will.

Mr. and Mrs. Vernon Castle supervise the making of Victor Dance Records.

All the modern dance music, played in perfect time. There are Victors and Victrolas in great variety of styles from \$10 to \$200—at all Victor dealers. Victor Talking Machine Co. Camden, N. J.

Learn the New Dances With a Victrola A Special Study of the Latest Dance Records. We have made a special study of records for dancing purposes. The very best expert opinion is represented in the numbers which we suggest. If you will tell us the precise use to which a dancing record is to be put, whether it is to be used in an apartment or in a ballroom, whether by young folks desiring to practice the latest and most difficult steps or by their elders who are comparatively novices, we will be able to put you in touch with precisely the music you should have. The Victrola furnishes the most delightful music for dancing the world has known. It is neither too loud nor too soft, and, of course, it goes without saying that the time is as perfect as that marked off by the Metronome itself.

Purchasers of Victrolas, in addition to the best operatic numbers, standard selections, ballads, etc., should not forget South American airs with their irresistible tang. Your friends will surely want to hear them.

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The Police Commission yesterday accepted the offer of the brigadier-general of the Knights of Pythias to form rank, J. O. Royer, to equip a fire and drum corps for the patrolmen. Royer has been selected to have charge of the "citizen police" and this body is to be thoroughly organized at once. More than 1000 men have volunteered for this service.

Councilmen are proposing that if the city finds difficulty in marketing the recently authorized power bonds, the city purchase \$1,250,000 worth with money from the sinking fund.

Two more petitions to close blocks to issuance of liquor permits were filed with the Police Commission yesterday. There are now forty-two closed blocks in the liquor zone.

I. W. Garner, a salesman, is fighting in Judge Morrison's court the first civil action under the new law to enforce obligation to support illegitimate children, brought by Miss Margaret Mangier, mother of twin sons. He denies the parentage.

A damage suit for \$25,000, brought by a Chinaman whose restaurant was closed by a constable through error, was taken under submission by Judge Morrison yesterday. Attorney Wallace Wideman was rebuked yesterday by Presiding Judge Wood for asserting the Governors of California and Texas were in "cahoots" to have Reed Jones extradited to the latter State for arson. The warrant and extradition were found to be sound.

At the City Hall.

WILL ORGANIZE CITIZEN POLICE.

MORE THAN ONE THOUSAND MEN VOLUNTEER FOR SERVICE.

Reserve Corps to Be Under Direction of Uniformed Knights of Pythias Commanded—Drum Corps for Regular Patrolmen Is Provided. Annual Review Next Friday.

At yesterday's session of the Police Commission the Chief of Police stated that steps will be taken at once to thoroughly organize the "citizen police." The brigadier-general of the Knights of Pythias Uniform Rank, J. O. Royer, has been selected to take command of the citizens who have volunteered for emergency police duty. More than 1000 applications have been received and ready from men who are willing and apply to volunteer their services for the maintenance of law and order should the occasion demand.

It was also announced that Royer has offered to equip a fire and drum corps for the regular force, and the commission accepted the offer and tendered him a vote of thanks. The new corps will be organized immediately, but will not be able to participate in the annual review, because of the short time within which it could practice. It will appear hereafter, however, on gala occasions.

The annual review will take place at 3 o'clock next Friday afternoon in Exposition Park. There will be three large tents erected for the men's headquarters, and the entire police corps will be inspected by the Mayor and City Council, members of the Civil Service Commission and Col. Schreiber and a committee of civilians. The public is invited to be present and witness the drill of the city's "best."

HEER'S PROGRAMME.

PROPOSED BOND PROCEDURE.

The plan of procedure for acquisition of money on the recently voted power bonds has been a subject of general discussion at the City Hall the past few days and yesterday Councilman Betkowski outlined the policy which he believes will be pursued. He states that if it becomes necessary the city will secure the \$1,250,000 necessary to carry on the completion of the power plant by purchasing the bonds to this amount with cash from the sinking fund.

The question of the validity of the proceedings in the various steps calling the bond election, and the validity of the bonds themselves, has been submitted to the bond experts, Dillon, Thomson & Clay, of New York City. This firm is to receive \$1000 regardless of the nature of the opinion, as a retainer fee; \$2500 if the opinion for any reason is adverse to the validity of the bonds, or \$5000 if the opinion is favorable. It is expected that the report from the bond firm will be received here within a few days.

Meanwhile the City Attorney will be asked to determine whether the Board of Public Works or the Public Service Commission has the power to handle the expenditures, if money is realized on the bond issue. Chief Engineer Scattergood and J. E. Barker, electrical engineer of the Board of Public Utilities, are to advise as to which distributing system should be condemned for acquisition by the city, and then the city will ask the State Railroad Commission to place a valuation upon the system selected, thus paving the way for condemnation proceedings.

Several members of the City Council, members of the Public Service Commission, Chief Engineer Mulholland and Electrical Engineer Scattergood will leave Los Angeles next Sunday evening for a trip up the aqueduct. They will be absent until the following Friday.

ACTION ON PERMITS.

BY POLICE COMMISSION.

At yesterday's meeting of the Police Commission the following action was taken on liquor permit applications:

The commission granted a transfer of the wholesale liquor permit to No. 846 North Alameda street to James L. Val for No. 1100 East Seventh street.

The saloon permit for No. 800 West Sixth street was transferred from Herman Weysser to Arthur E. McDermott.

The application of John Zafertis for a No. 2 restaurant liquor permit for No. 804 South Spring street was denied. The commission also denied the application of Arthur Cohn for a wholesale liquor permit for No. 612 West Seventh street.

Chief of Police Sebastian reported on two petitions to close blocks, showing that in each case the necessary majority frontage was not signed to

the petitions.

This falls to close Seventh street, between Ceres and Keweenaw streets, and the withdrawal of signatures leaves only 22 per cent. of the frontage signed, and also falls to close Main street, between First and Second streets, as only 48 per cent. of the frontage is on the petition.

A petition to close West Ninth street, between Main and Broadway, and one to open Hill street, between Fourth and Fifth streets, went to the Chief of Police for checking the frontage signed.

The petition to close Seventh street, between Olive street and Grand avenue, was shown to have 85 per cent. of the street frontage, and the block thereby is closed for a term of two years to the issuance of any further liquor permits. There are now forty-two closed blocks in the liquor zone.

Municipal Notes.

The ordinance of intention to pave Jackson street, from Alameda to Los Angeles street, was adopted by the City Council yesterday. This is a part of the comprehensive scheme for the improvement of the streets east of Los Angeles street, in the old part of the city, where there has been little general development for several years.

The Southern California Retail Grocers' Association yesterday sent to the Police Commission a communication in which it protests against the issuance of liquor licenses to any retail grocers. The association says: "We believe the liquor business should be conducted by men engaged exclusively in the liquor business."

The City Council yesterday approved the appointment of Louis E. Degan as consulting engineer for the Bureau of Fire Alarm and Police Telegraph. Degan is to be given \$15 per day for the time employed, but not to exceed \$150 in any one month.

Improvement of the southern end of Vermont avenue and streets south of 16th street, in the shoeing strip, was asked for by a committee of Gardena residents, who appeared before the City Council yesterday.

BABIES' FUTURE IN THE BALANCE.

ALLEGED PARENT OF BOY TWINS DENIES THEM.

First Civil Suit Under New Law Making Father Responsible for Support of Illegitimate Children Fought in Court—Cause Hinges on Three Months Difference in Dates.

A hiatus of three months stands between the twin sons of Margaret Mangier and a nameless future. If this period is found to be in favor of I. W. Garner, a salesman in the employ of Stetson-Barrett Company, he will purge himself of the charge of being responsible for bringing them into the world. If he fails, he will be compelled to support and educate them, under the provisions of the new law governing illegitimate children.

Garner denies the parentage. Miss Mangier, who has brought the first civil action under the new law to enforce the obligation to support and educate her sons, testified in Judge Morrison's court yesterday that they are his sons.

During the trial, the twins, Ray and Russell, 1 year old, gurgled with the joy of life that swept through them when their mother, Margaret Mangier, who looked round-eyed upon their strange surroundings. By a twist of fate, Mrs. Frank Stoddard, the mother of the new law, is Miss Mangier's best friend, caring for her through her troubles and giving her a good home at the Florence Crittenton establishment.

It was Miss Mangier's chance meeting with Garner on the street one day in 1911 that made the suit possible. He furnished her information as to an apartment-house suitable for her. He himself lived there. They became friendly, then more than good friends, she said. Then came coldness.

He testified he first met her in the lobby of the apartment-house, that he invited her to his room for dinner, but having a previous engagement, he missed the meal, but did attend a "trip poker" party held there. The other young man present now has a bride who was never informed of this party. Garner, she testified, was a lively party and that garments were stripped off as the fortunes of the poker game progressed until the losers sat in scant attire.

But he said his conscience was clear until six months later. Mrs. Stoddard and another witness, however, brought up his own testimony in the Juvenile Court when an effort was made to declare the twins dependent children, and flatly contradicted him. Judge Tait, who heard the dependent case, will be a witness to the same effect when the case is resumed today.

Thus if Miss Mangier makes out her case against Garner, he will have two sons willy-nilly, although they may never enter his home, and he will be supported and educated during their minority.

GIRL HIS DOWNFALL.

BREAKS PAROLE TO SEE HER.

James McFarland, who was recently given a five-year suspended sentence on a charge of burglary, was yesterday found guilty of breaking his parole, which was revoked by Judge Willis. McFarland was soundly scored by the court.

He was convicted of participating in a number of burglaries, in which a gang of young boys were implicated. During his trial Miss Pauline Francis figured rather conspicuously and one of the conditions of young McFarland's parole was that he should have nothing further to do with her. He was picked up a few nights ago for speeding and with him on the joy ride was Miss Francis.

Judge Willis ordered the young woman to the Juvenile Hall and McFarland to serve his term in Folsom.

DETAILS RACE.

ENLIVEN FORCE ACTION.

The Farnell divorce suit revolves around a dance party held at the Farnell home on West Twenty-third street, introducing Miss Louise Zimmerman as a correspondent and a number of affairs which loom strangely, even for a divorce action.

Marjorie Farnell was formerly a motion-picture actress. She acquired the role while keeping house before her husband, William R. Farnell, a Southern Pacific employee, knew about it.

Miss Zimmerman was a public school teacher, and is now tutoring in

the line of dramatic arts.

She tutored Mrs. Farnell for the movies and they were great friends. The dance party disrupted the friendly relations. The wedge first entered when she observed her husband and Miss Zimmerman disappear at intervals.

To justify her suspicions that they were making love, she sent Mrs. Amy Riggs upstairs and Mrs. Riggs testified in Judge Morrison's court yesterday that she found Farnell sitting on his bed and Miss Zimmerman reclining.

"I took particular notice of this," she said, "because I saw the fancy garters she wore."

Miss Zimmerman testified she went upstairs to smoke a cigarette, her friend, Marjorie, declining to join her. While enjoying the smoke she reclined on the bed and Farnell happened to drop in.

The case will be concluded today.

CLOSED WRONG SHOP.

CHINESE WANTS DAMAGES.

A question important to constables has been taken under submission by Judge Morrison, arising out of the trial of the \$25,000 damage suit of Quan Fong against George H. Lyons for alleged malicious attachment. The court asked briefs to be submitted covering the point whether or not a constable serves a writ of attachment at his peril when he fails to release claims of creditors not covered by the original judgment of the court.

Constable Lyons, it seems, served a writ of attachment on a chop suey restaurant and closed it up. It transpired that it was the wrong shop. The court held that the attachment was not malicious and that the constable under the practice is responsible if he attaches somebody's property other than the judgment creditor's.

When Lyons appeared at the shop, Quan Fong threw up his hands and cried:

"Hoorty; me for the movies."

Later Lyons denied his error, told Quan he could open up.

"You go get my cookies!" he asked the constable.

"I don't know where he went," replied Lyons.

"You do my cookies then," was the unexpected request.

"Not on your life," retorted the constable.

COURT PARAGRAPHS.

PROCEEDINGS IN BRIEF.

COMPROMISE JUDGMENT. After the suit of C. A. C. Williams against the Pomona Valley Hospital Association was called in Judge Morrison's court yesterday, the attorneys compromised on a judgment for \$150 in favor of Williams. The suit was based on the alleged negligence of a nurse employed by the association, who put a hot water bag on his feet while he was unconscious during an operation for appendicitis. He asked \$25,000 damages. At a previous trial of the suit, December, 1910, the jury gave judgment for the association. On appeal the judgment was reversed and a new trial ordered.

MECHANIC'S LIEN SUIT. The mechanic's lien suit of W. F. Hartzell against Mrs. Hedwig Nelson, on trial before Judge Wellborn, comprises being responsible for bringing them into the world. If he fails, he will be compelled to support and educate them, under the provisions of the new law governing illegitimate children.

Garner denies the parentage. Miss Mangier, who has brought the first civil action under the new law to enforce the obligation to support and educate her sons, testified in Judge Morrison's court yesterday that they are his sons.

Aunt Sally's Advice

To Beauty Seekers

Lidia says: "I've tried most everything for my freckles, but can't lose them. What do you suggest?" See answer to "Italia."

The treatment suggested I've never known to fail in any case of freckles or other cutaneous blemish.

P. J. K. asks: "Is there anything better than massage to remove wrinkles?" Too much massage may aggravate a wrinkled condition, leading to edema and loosen the tissue. I advise bathing the face in an astringent lotion made by dissolving an ounce of powdered salicylic acid in a half pint of witch hazel. This is remarkably effective.

Italia writes: "My complexion is horribly muddy. What shall I do for it?" Get an ounce of mercuric wax at your drug store. Apply this nightly like you'd use cold cream, washing it off mornings. This will rid the face of cuticle gradually to make way, by a process of gentle absorption, for the clear, velvety healthy skin underneath. —Woman's Realm.

7, 1913, the horseless vehicle got the worst of it. Painter brought suit against Register for \$1277.93 damages, alleging the latter was negligent in not showing lights on his spring wagon. Register in his answer asks \$285 damages of Painter for the death of one horse and a broken wagon. Judge Wellborn on Friday will determine who is liable for the accident.

FORECLOSURE JUDGMENT. Judgment for \$23,451.15 was given by Presiding Judge Wood yesterday in the suit of the Security Trust and Savings Bank against the Concor Ferry Investment Company and others, to foreclose on a mortgage executed December 15, 1908. The mortgage secured property in the Mott tract. Judgment covered principal and interest from February 24, 1913.

PENALTY FOR POLLY. It will cost James Alvarado \$15 a month for being indiscreet. Judge Tait yesterday placed him on probation for three years and gave him a lecture for contributing to the dependency of Teresa Apocaca and her infant.

NEW REVOLT HATCHING.

Negroes in Cuba Are Restless.

Government Takes Extraordinary Precaution to Prevent Trouble.

Twentieth of May Is the Date Set for General Uprising.

Secretary Hevia Issues an Official Statement About the Situation.

HAVANA, May 13.—Although officially discounting the importance of rumormongers of it, the Cuban government is taking all manner of precautions against a general uprising of negroes which threatens to occur on May 20.

There is no denying that the negroes have been acting suspiciously lately and have been holding many meetings, but the movement is purely political and not revolutionary. It is a warlike outbreak, and the government is only ambitious to see a greater figure in politics and to prevent an attempt to overthrow the government.

Secretary Hevia said regarding the situation: "The government is cognizant of all movements and is watching them carefully, but it is believed that their last attempt at an uprising was their last. They are not making any more attempts to make the revolution a body."
